Key Insights

Highest Mileage Vehicles

PNB 118 (Perodua Aruz) and PNB 111 (Toyota Innova Zenix) are the most-used vehicles at 14,581 and 14,537 km respectively — together accounting for 18% of total fleet mileage.

Best Fuel Efficiency

PNB 90 and PNB 200 (Perodua Alza SE) are the most fuel-efficient at ~RM 0.06/km. PNB 400 and WC 1191 H (Ford Ranger) are next at ~RM 0.13–0.14/km.

High Cost-per-KM Vehicles

PNB 100 (RM 0.37/km), PNB 900 (RM 0.34/km), and PNB 600 (RM 0.31/km) have the highest petrol cost per km — potentially indicating inefficiency or heavy engines.

Peak Usage Months

July (27,668 km) and August (22,563 km) 2025 saw the highest fleet utilisation. October recorded the highest petrol spend (RM 4,245), likely driven by increased operational demands.

Touch 'n Go Outlier

PNB 200 and PNB 100 have disproportionately high Touch 'n Go costs (RM 2,030 and RM 830) vs low petrol costs — suggesting highway-heavy routes with minimal distance.

Toyota Hiace: Cost Leader

PNB 700 (Toyota Hiace) has the highest total fleet cost at RM 4,129/year, driven by high TnG usage (RM 930). The Hiace fleet (PNB 600 + 700) costs RM 5,545 combined annually.
